

How many watts can a WECO 5K3 battery charge?

Charge and discharge intensity 1C: Weco lithium battery allows charging and discharging at 1C, so with a single Weco 5k3 lithium battery we can charge and discharge more than 5500Wh(110Ah) nominal. In just 1 hour we can carry out a 90% charge and we can use 5kw power inverters with a single battery without having warranty problems.

How do I install the WECO 5K3 Universal lithium battery?

The Weco 5k3 universal lithium battery is supplied as standard with accessories to be installed on the wall by fixing it to the wall (recommended for one unit only) or superimposed (recommended for 2 or more units) using the brackets included in the package. It is not necessary to purchase a cabinet or an external accessory for its assembly.

What batteries can I use with WECO?

With WECO you can use Outback, Must Solar, Ingeteam and, in general, any charge controller or inverter that meets your requirements. You can see the technical data sheet on the official website [CLICKING HERE](#). Original batteries WECO Delivery in 2-3 weeks.
