

2023? (39)Lei Liu\*, Wanzhen Ma, Jingjing Zhang, Zhiru Liu, Dongrui Chu, Runan Shao, Siwei Chen, Xiaomeng Chu,\*, Nanwen Li\*, The design and synthesis of long-side-chain-type anion ...

The fundamental concern of the diffraction-based hologram computation can be neatly described as solving a hologram from a given intensity distribution of the object 62, as is ...

Side-chain functionality is critical to achieve highly conductive and chemically stable anion exchange membrane (AEM) materials. Herein, two series of quaternized poly(2,6-dimethyl-1,4 ...
