

## Where can i buy the national reserve soap

Where can I buy soap in the United States?

United States: Bramble Berry and the Bulk Apothecary are both leading wholesale soap suppliers in the US. Soaper's Choice is another option for American soap making ingredients. Canada: Many soap suppliers in the USA will ship to Canada at a cost.

Is a wild soap bar a good company?

A Wild Soap Bar is just that sort of company. The products I have bought from them are second to none. The quality is the best I have found and my wife and I love the assortment. I am very happy I found this company and would refer it to anyone out there looking for "real" natural soap sold at very competitive prices. ON SALE NOW

Where can I find soap colorants?

You can find soap colorants at ethnic food shops, but the best place is through natural fiber dyeing shops. Just ensure that the natural colorant you're sourcing is pure plant material with no added ingredients. If you have a green thumb, you could try growing natural soap colorants though too! Plant-based natural soap colorants

Are soap bars scented?

Our natural soap bars are scented with organic herbs and essential oils. Scents will be softer or lighter than soaps made with synthetic fragrances. How do you make soap bars?

Where can I find a good soap maker?

United Kingdom: The Soap Kitchen has a very good selection of soap making ingredients, including oils, butters, lye, soap molds, and everything else you need. The Naissance website is good for small amounts of oils and essential oils, but they have a wholesale site, too. Just a Soap is another company that I use.
