

At ZNL Energy, our vision is to create a safer and more sustainable tomorrow through the development and implementation of innovative battery technologies. Our disruptive ZNL-Separator for lithium batteries is a cutting-edge technology ...

ZNL Energy has developed the ZNL-NP15 lithium-ion battery separator made of polyphenylene sulphide (PPS), a chemical and heat-resistant plastic material. The fire safety properties of the ZNL-NP15 make it ideal for ...

ZNL Energy er et selskap som har og utvikler rettigheter til sink-ion battericeller samt en separator som reduserer brannfare og &#248;ker levetiden p&#229; batteriene. Den passer til ...

Established in 2021, ZNL Energy delivers two synergistic battery cell technologies. In addition to the ZNL-NP15 battery separator described here, the company has developed a zinc-ion battery for stationary energy ...
